Promise Keepers Canada

Rev. Mark Hornig

Call Centre Update

It has been amazing to hear the news that is coming out of the call center every day. God is bringing the people of Northern Alberta to himself. This was the first week of airing the commercials and 34 people prayed to receive Christ over the phone or via the internet response centre and 6 people rededicated their life to Christ! There were 68 requests for pack-

ages, 101 volunteer workers who put in a total of 380 hours of volunteer work. The volunteers and staff are thrilled to be a part of this and watch as God's Spirit is changing lives for eternity! This is only the tip of the iceberg, the big impact is happening as Christians are being witnesses and sharing Christ with people in

Trainings

The last of the regional trainings are on the share site. If you have not been trained check out the website at www.share.powertochange.com or if there are

no more trainings listed for your area then call the pastoral chair in your area to find out where you can be trained.

War Stories

Some amazing stories have come to us both from the call centre and from Christians who have just started sharing their faith after taking the evangelism training. Here are some from last week:

Cheryl is a call centre volunteer who received a call from a lady in her 60's. She shared with Cheryl that she didn't have purpose and meaning in her life. Through their conversation Cheryl was able to share the gospel message and lead her in a prayer to receive Christ. After the phone call Cheryl was talking with another volunteer, sharing the story with him. He recognized her name, she was the sister of his church coordinator. He was then able to call his church coordinator and let her know that her sister had just given her life to Jesus!

There are a few remote areas of our province where there are no trained volunteers. This weekend we received a call from Chipman and one from Winfield, both requesting packages. To our knowledge there were no trainings in those areas and we did not have a record of trained volunteers from those area in our database. We looked through the registration forms that had not yet been entered into the database. To our surprise there was one trained volunteer in Chipman and one in Winfield. We thought that was amazing in itself but if the gender and ages didn't match then we wouldn't be able to use them anyway. Wouldn't you know it, they both matched perfectly! God sees the smallest details and provides.
