Mount Olivet Lutheran Church

Sheldon Arends

## Call Centre Update

Please note that the numbers I am giving you are from the call center alone which is the smallest area of the campaign. The most significant impact is from Christians who are sharing Christ in their areas of influence. And the second largest impact is from Churches reaching out into their neighborhood. When I write that 90 people prayed to receive Christ it is only a small part of the real total. As churches send in stories and their statistics we

will be able to give you a better picture of all that God is doing in our province. If your church hasn't been sending in reports on your outreach events and on the stories of people leading friends and neighbors to Christ please contact us or e-mail them to us. There is a form posted on our website which will make it easy for you. Just click on [www.share.powertochange.com](http://www.share.powertochange.com).

## Banners

It has been wonderful to hear the impact that the banners alone have had. People have accepted Christ after seeing a banner and logging onto the website! It has also been helpful as well to put seekers at ease when they are look-

ing for a church. They see the banners on the sides of churches and immediately identify the church with the message they heard in the commercials.

## War Stories

One lady called from a small town: "I'm tired of the bondage I am experiencing with the group I'm tied into. I want to know the truth, and to be set free." She prayed to receive Christ. (The group she was tied into was with the Mormon Church.)

On November 8<sup>th</sup> Jill was called to deliver a package to a Caller. She felt that her husband, Jack and their son should come along as well. So the whole family took off to make the Power to Change delivery. When they arrived they discovered to their delight that the Caller's whole family was home and they had a child about the same Jill and Jack's. Jill and Jack were invited in. They had an opportunity to share with the family and they made a decision for Christ. Next Sunday they will be taking them along to church with them. When God is at work lots of unexpected things happen.

Betty had watched the ads on TV several times. She felt as though someone was saying to her, "Pick up the phone and call," but she is very shy. She'd had several bad experiences with churches and no longer attended anywhere. She felt that her husband would not approve of her seeking spiritual counsel. A number of times, as Bob talked to her, she suggested she should hang up. He sensitively encouraged her to wait a moment or two and then keep talking. "Yes," she wanted to listen to a Gospel Presentation. When Bob asked her if she was ready to say Yes to Jesus, she said she was. A young lady who probably would not have been reached in any other way, passed from death to life.

(All names have been changed for confidentiality purposes.)
