

Love the Lord your God with all your heart...

The **Power to Change** media campaign is your opportunity to make a difference. And prayer is one way you can be involved in helping thousands of people discover the power to change in Jesus Christ. Here is how you can help out and pray before, during and after the campaign.

1. Spend time with God, allowing Him to give you His love and compassion for your neighbours.
2. Walk through your neighbourhood. Pray for each family as you pass by, and pray for specific needs if you know them. Proclaim Scripture as you walk through your area. Pray that they will be open to the message of salvation.
3. Form a small group with other Christians in your neighbourhood who will commit to pray for your community.

4. Take action. As time allows and the Spirit leads, reach out with acts of kindness to the people for whom you are praying.

You may find it appropriate to:

- Deliver a gift of flowers, bread or something that communicates your care.
- Invite a neighbour or a family for a meal.
- Share tickets to an event.
- Think of ways to be kind (Galatians 6:10 and Romans 2:4).
- Ask if you may pray for them and their families. If you have prayed for or with them, follow up by offering assistance. Look for opportunities to share the gospel message.

...and love your neighbour as yourself (Matthew 22:37-39).
